

SECOND DIGITRANS MEETING

The second DIGITRANS project meeting was held between 17th and 19th of October in Ljubljana, Slovenia. The Project partners had the opportunity to discuss the project progress and to plan carefully the next critical steps for the development of the e-learning web platform and the training materials.

During the project meeting, the project coordinators shared with the consortium the first feedback received from companies during the DIGITRANS method development phase and provided useful insights and lessons' learned.

An interactive workshop was organised in order to provide that everybody feels how the DIGITRANS method and tools work and to be ready to take an active role in the next steps.

Next time, all project partners will meet again in Sofia in April 2018.
